

MAINTENANCE FREE POLY-FURNITURE

Offers all these great benefits—

- Save time and money.
- No maintenance such as painting.
- All hardware is stainless steel except chain.
- No splinters or rotting.
- Will not promote bacterial growth or mildew.

CONSIDER the varied benefits of this furniture. It has a consistent and beautiful appearance. It will provide years of care-free enjoyment, releasing time to pursue the things you enjoy. It is a part in the recycling of unnatural resources for future generations.

Manufacturing: The high density polyethylene raw material utilized in Poly Lumber is derived from post-consumer bottle waste such as milk containers. This material is cleaned in a decontamination process to a purity level of over 99% HDPE. It is then compounded into rigid board stock material, the resulting finished product containing over 90% recycled post-consumer waste by weight.
