"I had been searching for a long time for a pergola to give our pool area some dimension. When I drove past Old Hickory Nursery and saw the arbors there I knew I had to stop. I received prompt service with a follow up visit to insure we would get built what we asked for. Four weeks later they showed up on time and in hours we had a beautiful pergola to the specs we talked about. The three guys that did the building were very professional and concerned that I walked away happy. That I did! Thank you!"

You were very accommodating in meeting my special requests for a custom size pergola. It has proved to be very sturdy and very attractive.
